

CUSTOMS CLEARING

Megaflight is an accredited SARS agent and is exceptionally well equipped to handle the complex technical aspects of the customs clearing procedures for both import and export cargo in South Africa.

OUR SERVICE OFFERING INCLUDES THE FOLLOWING:

Accredited SARS Broker:

Megaflight is a registered (accredited) agent licensed with the South African Revenue Services.

Audit and Tariff Consulting:

We offer professional assistance in all aspects of the SARS regulations relating to imports and exports as well as hands on input with regards to tariff classification.

Electronic Data Interchange (EDI):

Our EDI offering allows for a fully automated paperless customs declaration system providing on-line releases from SARS as well as the ability to receive and import supplier invoice data into our systems.

Automated Record Keeping of Inventory Values/Quantities in Bond Stores:

At Megaflight, we understand how important it is to maintain accurate record keeping and monitoring of inventory in terms of SARS regulations in an easy to access manner.

Pre-clearance:

Megaflight understands the importance of avoiding delays and the associated storage and demurrage costs. That is why we have customs professionals in place to help avoid these pitfalls wherever possible.

Product Code System:

Our system is capable of maintaining part number libraries linked to tariff headings based on the importers bill of materials. This increases accuracy and speeds up the clearing process.

After-hours and Weekend Clearing:

Our dedicated team are there to submit clearances after hours and over weekends particularly at our Johannesburg branch which is open every Sunday to submit entries.

Costing:

We provide line-by-line unit landed costing to our clients in an easy to read format.

Additional Services Includes:

- Refunds and Drawbacks of Duty
- Provisional Payments
- Customs Examinations
- Temporary imports and exports (ATA Carnet etc)
